

Commercial Performance Coatings

BINDER

ISOCYANATE FREE

This high quality two component topcoat from the Commercial Performance Coatings range has been formulated without the use of isocyanate. User-friendly and straightforward to apply over a variety of primers, previously painted surfaces and can also be applied over glass with the use of the glass additive hardener. It provides a great choice for a wide range of industrial applications and is particularly suitable for glass splashbacks.

Colour range is outstanding – taking advantage of the SELEMIX® universal tinter system, Isocyanate Free Topcoat can be mixed in almost 10,000 different colours, including AS2700 and RAL ranges, as well as a variety of different gloss levels.
