PERFORMANCE POLYURETHANE TOPCOAT

Commercial Performance Coatings Performance Polyurethane Topcoat is a two component, non-yellowing, acrylic modified polyurethane with good weathering performance.

It is ideal for the protection of steel and other surfaces which are exposed to a chemical environment and weathering and where a cost effective, durable gloss topcoat is required.

What's more, by utilising the SELEMIX® universal tinter system, Commercial Performance Coatings Performance Polyurethane Topcoat is available in excess of 10,000 different colours, including the AS2700 and RAL colour ranges, as well as a range of gloss levels.
